

## Improve student achievement across the district.

- Increase our indicators met on the State Report Card to 6.
- Increase our Performance Index Score 5 points from the previous year.
- Maintain current grade or improve in all other areas of the State Report Card.
- Use student achievement data to support instructional decisions and curriculum implementation.
- Use Teacher Based Teams (TBTs), Building Level Teams (BLTs), and District Level Team (DLT) to access student data to inform instruction.

## Inform/Engage Community with updates to the building project.

- Share data with stakeholders, and pertinent information about the building project.
- Continue to engage the community in the planning of the facilities and plans for existing facilities.
- Implement real time video feed from each project site to be posted on our website.
- Plan for the implementation with staff of the building development and transition plan.
  - Educational Planning Team
  - Safety Team

## Focus our communications plan to engage our stakeholders.

- Share information with our stakeholders - Newsletters, Twitter, Facebook, Website, One Calls.
- Engage in ongoing two-way communication.
- Engage staff groups for their input on communication initiatives.
  - Improve staff communications
  - Improve staff engagement
